

A bench located on a paver-stone and gravel patio adds a welcoming element to the front of the house.

Why add Curb Appeal?

- **Make great first impressions**
Give your friends, family, and guests the wow factor as they enter your home.
- **Help Sell Your Home**
When you're ready to sell your house, Curb Appeal is important to 71% of homebuyers when choosing their new home, according to a 2013 National Association of Realtors survey.
- **Reduce your costs**
Changing to more drought tolerant landscaping can reduce your water bills and help the environment at the same time.
- **So much more**
Modernizing your home, needing to repaint, wanting to declutter the yard, etc. are all reasons to add more curb appeal to your home.

Beautify the front of your home & add Curb Appeal

Make great first impressions and beautify the neighborhood by boosting your home's curb appeal. Make the front of your home a place you want to see every day. Make it a place in which you want to spend more time. Make it something that you are proud of and love the front of your home!

OVOLO will create a customized plan to increase your home's curb appeal. From landscaping to furniture to porches to patios to using color in new ways, I can add value and style to the front of your home. The new look will match your personal style and budget. Existing design elements, paint, light fixtures, furniture, accessories, and art may stay the same or may be new depending on your style and budget.

No curb appeal project is too small or too large. Also, I can help you with almost any budget. No budget is too small!

Testimonials

People have been impressed with the quality of work OVOLO provides.

"Here are the first two thoughts that came to mind when I opened your [landscape] plans:

- 1) You really DO have a Gift!*
- 2) You had me at the ART... You inspired me"*

-San Jose, CA Homeowner

"He has quite a natural knack for design... Wow! I could not have asked for better and [more] awesome results - I love my new house"

- San Jose, CA Homeowner

"[OVOLO] was very professional and I highly recommend this company"

Potted plants for a yard are sourced at local nurseries.

How it Works

OVOLO will complete a SWOT analysis on the front of the home. Strengths, Weaknesses, Opportunities, and Threats (constraints) will be determined.

Then, a curb appeal plan will be created based on the outcome of the SWOT analysis and the budget. OVOLO will identify the home's assets and portray the home's potential in a plan that could include anything from adding some potted plants, décor, and accessories to repainting or re-landscaping the yard.

Cost

OVOLO provides cost-competitive pricing. Overall, the cost varies depending upon the extent of the work needed, consultation, and/or implementation. Remember that I can help you with almost any budget. No budget is too small! Please contact me to get more information and to get started today on your next project.
